

DIVE FORWARD PROGRAMME

6-WEEK DIVEMASTER PROGRAMME

GO BEYOND ADVANCED - BECOME A PADI PRO

DESIGNED FOR OPEN WATER DIVERS READY TO CONTINUE THROUGH TO PADI DIVEMASTER

Scuba Dive Online are pleased to offer a six week Dive Forward Programme on the stunning island of Koh Tao, one of the world's most popular dive destinations.

Designed for Open Water certified divers, this programme takes you from Advanced through to Divemaster in a clear and structured way. It combines focused training with daily diving, allowing you to build confidence, develop skills, and gain valuable experience in the water.

Train at one of our PADI 5 Star CDC partner centres (the highest rating for a PADI Dive Centre) with our Scuba Dive Online team, and live your dream life as a professional diver. With warm waters, stunning and varied dive sites, and the highest standards of training, this is the ideal place to take the next step towards becoming a dive professional.

Accommodation, all courses and materials are included.

BUILD EXPERIENCE. BECOME A PADI DIVEMASTER

During the six week Dive Forward Programme, divers gain far more than certifications. Each stage of training builds confidence, awareness, and practical diving skills in a structured and supportive environment. You will be mentored by the [Scuba Dive Online team](#), who are some of the most respected and highly qualified professional trainers in the world.

Based on Koh Tao, the programme combines daily diving with varied conditions and dive sites. This allows divers to develop control, improve buoyancy, and become comfortable in different environments.

Through Advanced, Rescue, and Divemaster training, divers learn to plan dives, manage situations, and support others in the water. At the same time, they gain a deeper understanding of marine life and responsible diving practices.

By the end of the programme, divers not only hold professional level qualifications, but also the experience and confidence to take the next step in diving.

1. PADI ADVANCED OPEN WATER

Build confidence and diving skills with 5 adventure dives. Includes deep diving, navigation, and buoyancy control. Gain experience in new environments and develop comfort in the water. Try wreck or night diving for some real adventure.

2. PADI RESCUE DIVER + EFR

Learn to prevent and manage diving related incidents through practical scenarios and in water exercises. Includes rescue skills, self rescue techniques, and Emergency First Response training. Build awareness, confidence, and the ability to assist others in real situations.

3. PADI DIVEMASTER COURSE

Develop professional level diving skills and gain hands on experience in a working dive centre. Includes assisting instructors, guiding certified divers, giving dive briefings. Dive every day, meet new friends from around the world, and become a PADI Pro.

LIVE. DIVE. PROGRESS.

Koh Tao is one of the world's most popular dive destinations, known for warm, clear waters and diverse marine life. Coral reefs surround the island, with regular encounters with turtles, reef sharks, and tropical fish, making every dive rewarding.

Daily diving across a variety of sites helps build confidence, control, and comfort in the water. From shallow bays to deeper pinnacles and wrecks, each dive adds experience.

Life on Koh Tao is not just about diving. Viewpoints and coastal hikes offer incredible scenery, while sunset paddle boarding gives a different perspective of the island. Evenings are spent enjoying good food, beachside cafés, and cocktails with other divers.

The Dive Forward Programme offers more than training. It is an opportunity to live and dive in a supportive environment, while enjoying the lifestyle that makes Koh Tao so unique.

YOUR 6-WEEK JOURNEY

This programme is more than a certification, it is a step into the professional side of diving.

With structured training, lots of time in the water, and guidance from the highest qualified and most experienced instructors and Course Directors, divers gain the skills and confidence expected of a PADI Divemaster. The programme develops leadership, awareness, and the ability to support others in a dive centre environment.

Whether the goal is to travel, work in the dive industry, or continue to Instructor level, this six week programme provides the training and experience needed to move forward. It is also a chance to have the best time of your life, meet like minded people, and make long term friendships.
