A SEVEN NIGHT ADVENTURE WITH PURPOSE IN KOMODO NATIONAL PARK – ONLY US\$1,600

Join Scuba Dive Online for an unforgettable week exploring the legendary waters of Komodo National Park. This seven night adventure combines world class diving, thrilling drift dives, manta ray encounters and a full day exploring the home of the famous Komodo Dragons.

Accompanied by a Scuba Dive Online PADI Course Director with decades of professional diving and teaching experience, you will also enjoy FREE daily conservation presentations, giving you a deeper understanding of Komodo's unique marine life, habitats and conservation initiatives.

Based in Labuan Bajo on Flores Island, you will spend five days diving some of Komodo's most iconic sites from a comfortable day boat, with three dives per day. Between dives, enjoy breakfast and lunch on board while taking in the spectacular scenery of Komodo National Park. If you would like to expand your knowledge further, PADI AWARE conservation specialties, other PADI specialty courses, and PADI AWARE instructor training are also available as an optional extra throughout the week.

Stay in comfortable twin share accommodation, with airport transfers included.

Whether you are looking for your next diving adventure, want to learn more about marine conservation or simply experience one of the world's greatest marine parks, this trip has been designed to showcase the very best of Komodo.

DISCOVER KOMODO NATIONAL PARK

Located in eastern Indonesia between the islands of Sumbawa and Flores, Komodo National Park is a UNESCO World Heritage Site and one of the most biodiverse marine environments on Earth.

Nutrient rich currents attract an incredible variety of marine life, from tiny pygmy seahorses and nudibranchs to manta rays, reef sharks and huge schools of fish.

Above the surface, dramatic volcanic islands rise from crystal clear waters. White sand beaches, breathtaking viewpoints and the world famous Komodo Dragons make this one of the most unique destinations in the world.

SOME OF KOMODO'S MOST FAMOUS DIVE SITES:

MANTA POINT

One of Komodo's most famous dive sites. Watch reef mantas glide effortlessly over cleaning stations while schools of fish gather around the reef.

BATU BOLONG

Often regarded as one of the best dive sites in Indonesia. Expect colourful coral gardens, huge schools of fish, reef sharks and exceptional biodiversity.

CASTLE ROCK

A thrilling drift dive known for nutrient rich currents, giant trevally, barracuda, reef sharks and schooling fish.

CRYSTAL ROCK

Famous for clear water, beautiful coral and encounters with reef sharks, Napoleon wrasse and tuna.

TATAWA BESAR

An exciting drift dive featuring healthy coral reefs, turtles, tuna, trevally, sharks and countless reef fish.

SIABA BESAR

Known as Turtle City. A relaxed dive site where turtles are commonly encountered alongside colourful reef life, white tip sharks and often mantas.

EXPLORE KOMODO WITH THE SCUBA DIVE ONLINE TEAM

Join Scuba Dive Online for five incredible days of diving in Komodo National Park, accompanied by our award winning Platinum PADI Course Director. Throughout the trip, our team will be on hand to share knowledge, offer guidance and help you get the most from every dive, whether you are simply enjoying the adventure or looking to further develop your diving skills and knowledge by attending our free daily conservation presentations.

Over five full days of diving, you will explore a variety of sites. Expect exiting drift dives, colourful coral reefs, manta ray encounters and some of the most diverse marine life in Indonesia.

The dive boat departs at approximately 7:00am each morning and returns in the late afternoon.

- Daily Diving Experience:
- Three dives per day
- Five full diving days
- Breakfast and lunch served on board
- Comfortable dive boat
- Experienced dive guides
- Small diving groups
- Daily marine conservation presentations
- PADI AWARE conservation and other PADI specialties available as an optional extra

KOMODO DRAGON EXCURSION

No trip to Komodo would be complete without visiting the world's largest lizard.

Enjoy a full day exploring Komodo National Park with experienced local guides. Walk through the natural habitat of the Komodo Dragon while learning about the history and conservation of these remarkable animals.

Explore the surrounding islands and viewpoints, as well as some of the highlights such as the Pink Beach. Plus snorkel in crystal clear waters.

Lunch is included during the excursion.

Every stop offers a different perspective of what makes Komodo one of Indonesia's most spectacular destinations.
